Background

The purpose of this project is to take care of the off-campus student’s welfare. The main cause of students living outside is not getting college residence. This causes the students to expose to a variety of issues such as security, transportation, and once the cause of absence from the university program.

Program Objective

- To establish the Action Committee for the off-campus student.
- To ensure a good relationship between off-campus student with university.
- To establish a website as a medium information about the welfare of student.
- To establish the Action Committee for the off-campus student.
- To ensure a good relationship between off-campus student with university.
- To establish a website as a medium information about the welfare of student.

Program Implementation

- Establish the Action Committee for Off-Campus Student, University Malaysia Pahang (UMP).
- Acting as the students representatives of the off-campus students to the university.
- Organizing programs and activities for off-campus students to strengthen the relation with the university.
- The selection of committee needed to be done based on a number of important criteria.

Problem Encountered

- Security
- Attending university’s programs or lectures
- Social problems
- House owner take advantages over students

Survey Analysis

1. Main reason stays outside campus.

2. Kind of helps that needed.

Conclusion

- This Action Committee should be established to help off-campus students with their difficulties.
- The Action Committees can act as middle man to help off-campus students as well as to improve the existing system.
